 A big M on a bear ass is a sight seldom seen. And this bear prefers to keep it that way. But the comb punk figured he'd take the bear down a notch after he grabbed a hunter's shotgun. This A bush is commonly used by embarrassed hunters as a private place to poo. But the hunting X pirate was caught with his pants down and tried to bargain for his safety with a Ruby. Even as the shotgun boomed, the only thing that troubled these poor daffodils were the dreadful stink piles soiling their real estate. Sadly, they lacked the confidence to say anything. Their neighboring goose cherry could only honk, as the blast scared her bad enough to lay a football. The con with tissues swore he'd never hunt again. He turned over a new leaf and offered the goose a much needed tissue.
